UN CUSCINO, MOLTEPLICI SOLUZIONI

Il versatile cuscino pieghevole inventato, brevettato e prodotto interamente in Italia. Grazie ad uno speciale taglio in diagonale, il guanciale può assumere una posizione autostabile che offre un diverso angolo di supporto, fino a simulare il volume di tre cuscini sovrapposti, è comodo a letto, sul divano ma anche in macchina, in camper, in barca e perfino in ufficio.

ONE PILLOW, MANY SOLUTIONS

The versatile folding cushion invented, patented and produced entirely in Italy. Thanks to a special diagonal cut, the pillow can assume a self-stable position that offers a different angle of support, up to simulating the volume of three overlapping pillows, it is comfortable in bed, on the sofa but also in the car, on the camper, on the boat and even in the office.
